Notice to V Semester Undergraduate Students (Except B.Voc.) of **academic year 2025-2026**

As per the Government Order No. ED 166 UNE 2023, Bangalore dated 08.05.2024, the University implemented the State Education Policy from the academic year 2024-25. In light of this all V semester undergraduate students (except those enrolled in B.Voc. programs) whose hall tickets were withheld due to a shortage of attendance are permitted to attend the VI semester of the academic year 2025-26. These students may apply directly for the supplementary examinations for V Semester theory papers during the odd semester of 2026-27, once the Controller of Examinations announces the schedule.

Students with practical components must register for the corresponding practical sessions at the beginning of the odd semester of the 2026-2027 academic year, attend the required lab sessions, and subsequently appear for the lab examinations.

This provision is being extended because the students' academic structure aligns with the National Education Policy (NEP) 2021, which was revised starting from the academic year 2024-25 following the introduction of the State Education Policy (SEP). As a result, although these students are required to repeat the semester, they will be unable to do so under the new structure, as it differs from the one under which they were originally admitted.

Consequently, while they are required to repeat the semester, they will not be able to do so since the structure is different from the one, they were initially enrolled.
