

ST JOSEPH'S UNIVERSITY, BENGALURU-27

SCHOOL OF LIFE SCIENCES
DEPARTMENT OF MICROBIOLOGY

PRESENTS

AN INTERNATIONAL WEBINAR

KALEIDOSCOPE 5.0

AN ALUMINI LECTURE SERIES

We are thrilled to host our annual departmental webinar series Kaleidoscope 5.0 for the year 2024

Join us to be a part of one of the most exciting and riveting lectures, by our esteemed Alumni on various topics and dive into the world of science and innovations..

MARCH 15- 16 , 2024

15th March 6:00pm

Dr. Tess Archana Stanly

Postdoctoral Scientist, Department of Oncology
University of Oxford, UK

**Topic-Role of RASSF1A in
Mechanical Signalling**

15th March 7:00pm

Dr. Stephen Sukumar Nuthalapati

Postdoctoral Researcher- The Pirbright Institute,
Justus Liebig University Giessen, United Kingdom

**Topic-Global gene regulation: from
nature to design**

16th March 5:00pm

Dr. Apoorva Ravi Shankar

Research Scientist II- HexagonBio, US

**Topic-Applying "The awesome
power of yeast genomics"**

16th March 6:00pm

Dr. Xavier Prasanna

Postdoctoral Researcher, University of
Helsinki, Finland

**Topic-Understanding biology using
computer simulations**

REGISTER FOR FREE!

Click on the
microscope to register

E-certificates will be
provided to all the
registered participants...

Registration will be open until
14th March 2024
10:00 pm

Organising Committee

Dr. W Jothy
Dr. Beatrice Sequeira
Dr. Vanitha N M
Dr. Syed Wajeed
Dr. Popy Dutta
Ms. Mamatha S
Ms. Shalmali Kamat
Dr. Debalina Chaudhuri
Dr. Mohanraj Gunasekaran
