

The National Tech Summit, TECHx

The National Tech Summit, TECHx: Decoding the Future of IT & Innovation, was first time hosted by St Joseph's Institute of Information Technology under the guidance and leadership of Fr. Denzil Lobo SJ at St. Joseph's University, Bengaluru on 30 March 2023. The event brought together the leading technology experts, academics, industry leaders, and students to discuss the latest trends, advancements, and innovations in the field of Information Technology.

The 2023 National Tech Summit, TECHx featured a diverse group of keynote speakers, each with unique insights and expertise in their respective areas. Here are some of the speakers and their topics:

1. Mr Rajesh Rao - "IT and Games – Creativity + Innovation + Technology"
2. Mr Nikhil Bhatt - "5G & Beyond"
3. Mr Brian Pais - "Technology Evolution – AI, Chat GPT Impact and SAP ERP"

The National Tech Summit, TECHx was attended by a wide range of individuals, including professionals, students, academics, and entrepreneurs. It was an excellent opportunity for those interested in the field of Information Technology to learn about the latest trends, innovations, and best practices from experts in the industry. The summit hosted more than 1000 students in the University Auditorium and students participating from various other colleges.

The National Tech Summit, TECHx also offered a unique opportunity for students to engage with industry leaders and gain insights into potential career paths in the technology field. It provided a platform for students to network, ask questions, and learn about emerging technologies that will shape the future of the industry.

TECHx: Decoding the Future of IT & Innovation, is an annual event that brings together leading experts in the field of Information Technology. It provides a platform for individuals from various backgrounds to learn about the latest trends, advancements, and innovations in the industry. Attendees had the opportunity to network, engage with industry leaders, and gain valuable insights into the future of the technology industry.
