NOTICE

16-4-2023

(For UG 2, 4 and 6th and PG 2 and 4th semester students)

As per the decision taken in the meeting of the Deans, there will be a change in the number of questions asked from different topics in the syllabus. This has also been passed in the respective BOS. Semester Examination question papers will have the questions from the entire syllabus prescribed for the semester. No chapter in the syllabus including the self study part will be left out in the question paper. However, only 35% weightage will be given for the questions from the portion taught before the midsemester examinations. The remaining questions amounting 65% weightage will be from the portion covered after the midsemester examination. This proposed change will come to effect from the even semester 2022-23.
