NOTIFICATION (STUDENTS)

MID-SEMESTER EXAMINATION-ODD SEMESTER 23-24

The mid-semester examination for all Undergraduate programmes and some Postgraduate programmes will start on the 11th of September 2023. The detailed timetable for the same is also posted along with this and also on the SJU website. The timetable for those postgraduate courses which are not listed here will be posted by the respective PG coordinators.

There will be only one mid-semester examination for all UG and PG programmes. A student who fails to write the mid-semester examination may register for the makeup examination by paying the required examination fees. Even though there are no minimum marks for the Continuous Assessment (CA) to pass a course, it is advisable to score at least 50% of the maximum mark in each course so that it will be relatively easier to have a passing grade in that course.

Kindly note that the students are expected to follow the instructions which will be posted on a later date.

The rules regarding the prevention of malpractice are posted on the examination section notice board and also on the University website.
